

HANDLING INSTRUCTIONS

Model TGL STAR 60, TGL STAR 100, TGL 220 and TGL 220/3590

- Make sure that the power source has been locked before installing the lamp.
- Install the lines such that they are protected.
- Periodically clean dirt from the lamps for enhancing heat dissipation.
- Disconnect the machine from the electricity supply **before** cleaning.
- Do not use liquid cleaners or aerosol cleansers. Use a damp cloth for cleaning.
- If you no longer require this equipment, do not place it in the normal municipal waste system. It is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment.

WARNING

- Do not expose the lamp to moisture, water, or spray.
- No naked flame sources, such as lighted candles, should be placed on or next to the lamp.
- Do not insert objects of any kind into the slots or openings on the lamp.
- Do not let the reach and sight of children.
- The lamps have been especially designed for growing, not for illuminating.
- This lamp can only be used in **interiors**: Do not use in outdoors.
